159. Minorities new majority - Americans will learn more from one another and be enriched by exposure to many different cultures.

Now, as you may know, census projections show that by 2043, African Americans, Latinos, Asians, and other mixed racial and ethnic groups will together be a majority of the population. Thinking about the likely impact of this coming demographic change, how much you agree or disagree with each of these statements?

160. Minorities new majority - A bigger, more diverse workforce will lead to more economic growth.

Now, as you may know, census projections show that by 2043, African Americans, Latinos, Asians, and other mixed racial and ethnic groups will together be a majority of the population. Thinking about the likely impact of this coming demographic change, how much you agree or disagree with each of these statements?
