43. First choice Democratic candidate President

Now, imagine that you have a magic wand that could make any of the Democratic candidates President. That candidate would not have to compete in the general election and would automatically become the President. If you could use that magic wand to make any one candidate President, who would you choose?

46. First choice Republican candidate President

Now, imagine that you have a magic wand that could make any of the Republican candidates President. That candidate would not have to compete in the general election and would automatically become the President. If you could use that magic wand to make any one candidate President, who would you choose?

111. View of military leaders address extreme corruption

In some countries, military leaders have suspended elections, closed down the legislature, and temporarily taken charge of the government in order to address extreme corruption. What would be your view if the military took these steps in the United States?

160. Follow public affairs

Some people seem to follow what's going on in government and public affairs most of the time, whether there's an election going on or not. Others aren't that interested. Would you say you follow what's going on in government and public affairs?
